

# INDEPENDENT INVESTMENT SOLUTIONS

## INVESTMENT OBJECTIVE:

The i<sup>2</sup> Cautious Solution has been designed to achieve a benchmark of the ASISA South African MA Low Equity category average at low levels of volatility and is thus suitable to an investor with a low appetite for risk and a need to generate income whilst preserving capital. This is a low equity solution with a maximum of 40% in equities and is structured to remain within the prudential guidelines (Regulation 28). The solution is comprised of a selection of top rated, award winning fund managers with exceptional track records in achieving their respective benchmarks.

### RISK PROFILE - LOW

### LOW RISK PROFILE

A Cautious investor values protecting principal over seeking capital appreciation. This investor is comfortable accepting lower returns for a higher degree of liquidity and/or stability. Typically, a Cautious investor primarily seeks to minimize risk and loss of principal. Generally low risk portfolios have minimal equity exposure, resulting in far less volatility and in turn the probability of capital loss is less likely.

### CAUTIOUS ASSET ALLOCATION

The underlying portfolios invest in a spectrum of investments in the equity, bond, money, or property markets. The Wrap Solution tends to display reduced short term volatility, aim for long term capital growth and can have a maximum effective equity exposure (including international equity) of up to 40% and a maximum effective property exposure (including international property) of up to 25% of the market value of the portfolio.

### FEES:

Please note that unit trust funds are subject to brokerage and other applicable statutory charges. However, these are accounted for in the total expense ratio (TER) of the fund. The weighted TERs may vary marginally between Linked Investment Service Providers (LISPs). The Total Expense Ratio (TER) of the underlying funds, administration and portfolio management fee can be obtained from your proposal. A schedule of fees, charges and maximum commissions is available on your request.
